

## Missouri Envirothon 2021 Virtual Competition

The Missouri Envirothon held its 2021 state competition May 5-7 with the teams completing the resource tests on-line sometime during those 3 days. There were 16 teams signed up for the competition. No oral presentation component was included this year due to not knowing if all school districts would be to the point of having in-school classes by May 1. The state winner will advance to the national competition which will also be virtual hosted by Nebraska and will be held in July. Below is the score sheet for all teams that competed.

**Congratulations to all the teams this year and we wish Fort Osage the best in the national competition.**
